GVB COIRS

QUALITY BEYOND BORDERS

ABOUT OUR COMPANY

We are a leading manufacturer and exporter of premium quality coir products from India. We are committed to delivering eco-friendly, sustainable and export-quality coir pots that support healthy plant growth and a greener tomorrow.

SUSTAINABLE MANUFACTURING

We use natural coir fibre and eco-friendly processes to create products that are good for plants and the planet.

QUALITY ASSURANCE

Strict quality control at every stage ensures durable, uniform and high-performance coir pots for global markets.

GLOBAL SUPPLY CAPABILITY

With consistent quality, reliable supply and efficient logistics, we serve customers across the world.

EXPORT STANDARD PACKING

Products are packed securely in export standard cartons to ensure safe delivery and protection during transit.

GVB COIRS

QUALITY BEYOND BORDERS

WHY CHOOSE COIR POTS?

Our coir pots are made from 100% natural coconut fibre, designed to support healthy plant growth while protecting our environment.

KEY BENEFITS

ECO FRIENDLY

Made from renewable coconut fibre. Environmentally responsible choice.

BIODEGRADABLE

100% biodegradable and compostable. Breaks down naturally in soil.

BETTER ROOT DEVELOPMENT

Promotes strong and healthy root growth for better yields.

EXCELLENT WATER RETENTION

Holds moisture longer and reduces the need for frequent watering.

DIRECT PLANTING

Can be planted directly into the soil without removing the pot. Saves time and labor.

PLASTIC FREE ALTERNATIVE

A perfect replacement for plastic pots. Better for nature, better for the future.

PRODUCT HIGHLIGHTS

GVB COIRS

QUALITY BEYOND BORDERS

MANUFACTURING PROCESS

FROM NATURE TO NURSERY

Our coir pots are manufactured using advanced technology and strict quality control to ensure consistency, durability and eco-friendliness.

MANUFACTURING FLOW

1 RAW MATERIAL COLLECTION

Carefully selected coconut husks are collected from local sources.

2 COIR FIBRE EXTRACTION

Husks are processed to extract high quality coir fibre.

3 DRYING & PROCESSING

Fibres are sun dried and processed to remove impurities and moisture.

4 COMPRESSION MOULDING

Processed fibre is placed in moulds and compressed under high pressure.

5 QUALITY INSPECTION

Each pot is checked for size, strength, shape and overall quality.

6 PACKING

Pots are packed in standard export cartons as per size and quantity.

7 CARTON SEALING & LABELING

Cartons are sealed, labeled and prepared for safe transportation.

8 READY FOR EXPORT

Goods are loaded into containers and shipped to global destinations.

**SUSTAINABLE
PRODUCTION**

Environment-friendly process with minimal waste.

**QUALITY
ASSURED**

Every step ensures premium quality and consistency.

**SKILLED
WORKFORCE**

Experienced team with advanced equipment.

**GLOBAL
STANDARDS**

Manufactured to meet international quality standards.

Natural Process. Premium Quality. Global Trust.

GVB COIRS

QUALITY BEYOND BORDERS

SUSTAINABLE SOLUTIONS

For a Better Tomorrow

Our Coir Pots are 100% natural, eco-friendly and biodegradable, designed to support healthy plant growth and a greener planet.

APPLICATIONS

NURSERIES

VEGETABLE
SEEDLINGS

ORNAMENTAL
PLANTS

HOME
GARDENING

COMMERCIAL
GROWERS

HOW TO USE

1

FILL

Fill the coir pot with potting mix or soil.

2

PLANT

Plant the seed or sapling in the pot.

3

WATER

Water gently after planting.

4

ROOT DEVELOPMENT

Roots grow naturally through the pot.

5

DIRECT TRANSPLANTING

Plant the entire pot in soil. The pot will decompose naturally.

STORAGE & HANDLING

STORE IN DRY PLACE
Keep in a cool, dry area away from direct sunlight.

PROTECT FROM MOISTURE
Avoid excess moisture before use to maintain product quality.

EASY HANDLING
Lightweight and easy to carry, handle with care.

TEMPERATURE
Store between 10°C – 30°C for best results.

EXPORT READY PACKING
Packed in strong cartons to ensure safe delivery worldwide.

SUSTAINABILITY COMMITMENT

100% NATURAL
Made from pure coconut fibre.

BIODEGRADABLE
Completely biodegradable and safe for the environment.

PROMOTES HEALTHY ROOT GROWTH
Excellent air circulation supports strong and healthy roots.

ECO-FRIENDLY
Sustainable choice for a greener tomorrow.

PLASTIC-FREE
A perfect alternative to plastic pots.

SUSTAINABLE FUTURE
Supporting sustainable agriculture and a better planet.

Natural • Sustainable • Reliable

Grow Naturally. Export Globally.
